Eligible PNC business credit cards will be automatically linked by PNC to this business checking account if it has the same customer profile. If you have multiple business checking accounts using the same customer profile as the eligible business credit card, PNC will choose which business checking account to link based on the following factors, in order of priority: a) the business checking account open the longest, and b) the business checking account with the lowest account number. If PNC cannot automatically link a business credit card based on these factors, or for any other reason, you must request that PNC link it.

If you have questions about the accounts within your customer profile, please contact 1-877-BUS-BNKG (1-877-287-2654).
